## Project Synopsis Viva of M-Tech Students

It is for the information of **M-Tech (CSE)** Part Time 5<sup>th</sup> Semester that their **Project Synopsis Viva is scheduled on 10/10/2015**. All students are required to submit the following in the synopsis file.

**Introduction:** Introduction of the work that includes the defending arguments of the title chosen for a work.

**Literature Survey:** Extensive literature survey must be accompanied in the synopsis file to give the clear picture why the topic has been chosen.

**Problem Formulation:** Synopsis must include the problem on which candidate wants to work. Problem must be derived from the good quality literature (IEEE, Springer, Science Direct, Wiley etc.).

**Research Methodology:** If possible, do write the research methodology to be followed to solve the problem defined.

Apart from above student is required to give a presentation of 10 minutes to defend their synopsis.

It is further for their information that their **Final Project Viva is on 22/11/2015**

Final report must include the **Results and Conclusion** apart from above content in modified and updated form as per the requirement and recommendation of screening committee.
