### REPORT ON SEMINAR ENTREPRENEURSHIP SKILLS, ATTITUDE AND BEHAVIOUR DEVELOPMENT ON 3<sup>rd</sup> DECEMBER, 2021

The Department of Management Studies and BBSBEC Innovation Cell organized the seminar on "ENTREPRENEURSHIP SKILLS, ATTITUDE AND BEHAVIOUR DEVELOPMENT" on December 3, 2021. The seminar was attended by Management students and Faculty members. Dr Lakhvir Singh, Principal, BBSBEC, formally welcomed the speaker with a bouquet. The seminar focused on the development of skills of entrepreneurship and behaviour development of the individuals. Dr. Raminder Singh Uppal- Professor at Baba Banda Singh Bahadur Engineering College, Fatehgarh Sahib was the eminent speaker.

He focused on two main words "LOVE" and "FREEDOM" and understanding for love and freedom in real sense -for ultimate success. In his lecture, he discussed that Freedom is all about inner space and outer space. The preconditioning leads to enslavement, which means dependent on others. Preconditioning related to love is a common misunderstanding, in order to understand love; you have to focus on yourself. Love refers to the feeling of being related to all, responsible towards all, giving to all in continuity and self-verification leads to freedom. Thus, conditioning leads to imagination and imagination leads to the attitude and behavior of an individual.

The programme wound up around 12:00 noon. The vote of thanks was given by Dr. Manpreet kaur-President of College INNOVATION Cell.
