

## Academia innovative Practices

Dr. Niraj Bala, Head of Department (Research and Innovation Center) gave a presentation on Academia Innovative Practices to the first year students on 29<sup>th</sup> July 2016. She explained the importance of innovative practices in Academics. She also highlighted the requirements of innovations in academics. Her presentation highlighted the importance of Innovations in the following points.

- Understating different types of IP and their significance.
- How to innovate: how to figure out a particular topic or technology to work on further in order to create innovations based on existing Patents database worldwide.
- Monetizing innovations: this included discussion on the importance of conducting prior art searches before filing a patent application, the importance of accurate drafting, filing of patent application in India as well as abroad. How to approach industries for commercialization of the innovation. Also, understating the concept of Technology Transfer with the example of few case studies.
