Dear All,

Greetings from T&P

Baba Banda Singh Bahadur Engineering College, Fatehgarh Sahib takes due care of the students aspiring to join Indian Armed Forces. Students have always been encouraged and educated about the various existing entry schemes into the defence services. Training & Placement department organized an exclusive session for pre-final and final year students of all B.Tech branches on 13th September 2018, where In college principal Maj Gen (Retd.) Dr G. S. Lamba (VSM) interacted with more than 100 students and enlightened them about the University Entry Schemes of Indian Army, Indian Navy & Indian Air Force. The exhaustive session was very informative for the students where they got to know about the history of UES, eligibility criteria for UES, various officers like qualities required for cracking the SSB, Selection procedure which includes personal interview rounds by the selection board at respective college/University, and various processes undertaken at SSB for clearing the exam. Students felt overwhelmed by the in depth knowledge they acquired through this session and were enthusiastically registered for further information and preparatory workshops in future for the same.

SKILL DEVELOPMENT AND INTUITIVE LEARNING MUST FOR COUNTRY GROWTH

Mr Sandeep Wadhwa, a national réputé motivational speaker, Human Trainer and Life Transformation Coach held an interactive session at Baba Banda Singh Bahadur Engineering College, Fatehgarh Sahib for engineering graduates and post graduate management students. Mr Sandeep Wadhwa emphasized upon 'How to Achieve Success in Life' through his remarkable combination of his personal style, his extra ordinary skill which affects the students and motivates them to expand their self confidence and enrich their attitude. He generated an appetite in minds of students and induced them to break the typical barrier "What will People Say" which is normally a main hurdle in the path of success.

Mr. Wadhwa stressed upon the importance of persistence, practice and exercising the excellence for achieving success in life. Every student is an important asset to the country and if trained professionally to their capability and competence can take the country to newer heights. The laziness approach in the education sector amongst all its stakeholders must be shunned immediately to sustain country development. The students must understand their interest and skills and choose their career intelligently. He stressed for taking reforms in education sector so as to handle the issues related to suicides by students in recent times. The session was attended by more than 2000 students including Baba Banda Singh Bahadur Engineering & Polytechnic Colleges. Students of MBA & MCA were also invited from Mala Gujri College Fatehgarh Sahib. Willian aim to aware and groom the rural area students of Government schools, the students of Govt Girls Senior Secondary School Gosail were invited exclusively for this motivational session.

Dr. G.S. Lamba, Principal reaffirms that it is this positive attitude which is a mantra for success in any individual's professional as well as personal life. Dear Sir,

Greetings of the day!

I give me extreme pleasure in introducing you with our latest find Mr. Arvind Mishra. Arvind Ji is a young professor who has accomplished much at a young age of 29 years. After having completed his M.Tech from IIT Kanpur and worked with Infotech, he has worked with a prestigious university in Dehradun. In the year 2015 Arvind has attempted and successfully made 2 Guinness World Records. He is going to be in the city in the 2nd or 3rd week of October to give a session at a global youth forum at Chandigarh. I have requested him to spare some time and take an auditorium session at BBSBEC to which he has tentatively consented.

It would be prudent to leverage him for better positioning in the industry. A press conference could be arranged for media coverage of the event. All the students could be spared for 2 hours for an enriching session at the auditorium.

Please note that the dynamics of this session will be very different from others done previously. I am awaiting your response to take it further with Mr. Mishra. Please have a look at few of his accomplishments.

Dear Sir

Thank you very much for making room for today's event. Our team was very happy to host your team and offer rappelling session by Ajay Dhiman (Himalayanone Expeditions). Ramandeep and Baljeet were happy to meet everyone as well.

I believe that today's experience was very good and motivating. We would like to increase our engagement with the HoDs and coordinators to ensure maximum benefit to all the stakeholders.

As suggested by Principal sir we would make ourselves available for a meeting with the heads and coordinators on Friday at your convenience.

I have prepared a collage of few pictures.

Hope things were well.

Sincerely
Ankur

Dear All,

Greetings from T & P cell

We do understand that the new technologies are replacing the older one at a faster pace. It has become essential and in fact mandatory to acquaint ourselves with the new happenings in the corporate/Industrial sector.

With this initiative, we are receiving today Mr Rishi Parlap Singh, Delivery Manager IT operations - Infosys in our campus for an interaction from 1115 to 1230 hrs with CS & IT students of B Tech (3rd and 4th Year). The faculty free with in the mentioned time slots can avail this opportunity by attending the same in the auditorium.

More such interactions of different domains are in the pipeline and will be circulated as and when matured.

Dear All

Greetings

A seminar on the career opportunities for mechanical engineering students is going to be held today in the auditorium from 1130 to 1230 pm for the Mechanical Engg students. The profile of the speaker is mentioned below. This is for information only.

Dr. Vijayender Singh has done his Ph.D in Mechanical Engineering from IIT Delhi. He has served in various organisations after M.Tech. and Ph.D. After completing his M.Tech (Mech. Engg. Deptt.) from IIT Delhi, he joined as Scientist in Defence Research and Development Organisation (DRDO) under ministry of defence. He served there for couple of years before shifting over to ordinance department. He served in this department as Indian Engineering Services (IES) officer for some time. He worked in private sector MNC company in Hi Tech city Hyderabad for some time before finally shifting over to academics. He got selected in prestigious universities in USA for pursuing his Post Doctorate. He taught students of IIT Ropar in IIT Delhi campus for one year. He got the appointment as Asst Prof. in Mech. Engg. Deptt. IIT Ropar. For the past 10 years, he is into mentoring of Engineering graduates for various careers (higher education and jobs) related exams such as GATE, PSU, IES, GRE and CAT. Two years back he had run his module in UJET (Punjab University) campus sector 25 Chandigarh. A number of students from UJET got prestigious jobs of PSUs and got admission into various top institutes in India and abroad. From this year this module is also running in UCOE campus. He has to his credit selection of around 300 Mechanical Engineers into IES, 5000 Mechanical Engineers in GATE, 200 Engineering graduates in MS abroad and around 100 Engineers in IIMs over last 10 years. His favourite domain is career related presentation in various Engineering colleges and Institutes, where he tells in detail about various career and higher education related options for engineers. He is also chief mentor of Engineers Career Point, institute dedicated for career related exams of Engineers and recorded highest selection rate of students in GATE 2013 & 2014 in this region.

Greetings Sir,

I'm Sahibguru Singh a grad of your college Batch 2015, I would like to inform you I started my own IT Firm while I was attending College (firm name, Technicky (Updating The World). When I started this firm we always aimed to aware people how things work and how they could contribute to society.

Being a grad of this college I wanted to conduct a special workshop talk for all students of this college in this students will know how different thing work in Industry and how they could contribute to industry. This helps student understand scenario of industry and benefits of doing jobs or entrepreneurship.

I would be really thankful if you could organise this workshop talk in your college I guarantee you'll not regret this decision. This would help students to better understand the industry and decide their future and know about IT industry.

For more details about Workshop please find [Meet The Team Proposal PDF](#)

Greetings Sir,

Sorry for a late reply please let me know when can we keep this small workshop cum talk with students.

As this would be really help full for students as it would help them to know industry in more better ways what are the upcoming trends we all know about. At last it would also let them other domains mainly: Healthcare, Business, Insurance and retail. These are main domains currently being used in US.

This would let them know how International market like US works as me and my team works with companies in US.

Please let me know what would be the right day for conducting workshop, and my preference would be if we could conduct this workshop for all the students but my major focus would be on first and second year student as they are the one's who have time to work on the things we would tell in workshop.

Dear Sir

On the outset I would like to thank you for your support in organizing the FDP for teaching and non-teaching staff at your college. Our team was very excited and had prepared well in advance for the sessions on 3rd, 4th and 6th January.

We have prepared a collage of all the sessions and expect that you had a good feedback. On the very day of the trainings our ZUMBA trainers, Isha/Anupriya and Mr. Sidhu received very good feedback from the staff members.

We have planned another wonderful session for the faculty members towards the end of January and look forward to another rocking session. Please keep guiding and advising us so that we may continue to bring value on the table every single time.

Dear Bhullar sir,

Few issues need to be addressed by you.

1. Trailing mail is for your ref. As soon as I receive this material will forward to you for Photocopying. Kindly arrange pick up. As Mr. Das will be reaching Chandigarh on August 22, 2014 at about 8-10PM. His coach no is C-7 and seal no-44.

2. Please convey him the mobile no. of the person who will pick him up from the Railway Station on Aug 22.

3. Can we plan a visit to SUS Engg College on Thursday so that we can finalize the same and install that chapter also on 23rd August.

4. Please forward list of students who are being installed as members and also Office bearers of CWC.

5. Kindly forward me a tentative date of Factory visit so that I can talk to the concerned and plan accordingly.

6. As mentioned earlier I need plan for distinguished lectures to be organized.

Dear Harpreet,

1. The cheque for the trainer has to be made in name of Rameshwar Prasad Das for Rs. 7000/- as far as his to and fro is concerned he will provide you tickets and the same amount can be reimbursed to him.

2. Have talked to Deepak and he has agreed to go along, please plan the visit and take along whosoever you want and feel necessary. Please collect the cheque from Lakhbir.

Dear Sir

Greetings from T&P Cell

We are in the process of calling one of the leading company in Merchant Navy in the second week of August 2015 for our 7th Semester Mechanical Engg students. The strategy is to aware our students through interaction with our alumni students already serving in merchant navy.

The Merchant Navy as a career is a non-combatant commercial fleet, which deals with transporting cargo and passengers by sea. Its fleet is therefore composed of passenger vessels, cargo, liner tankers, carriers, as well as other special types of vehicles. Merchant navy is a career full of adventure and long voyages to different beautiful places. In spite of a lot of hard work and long absence from home, the Merchant navy professionals earn a high tax free salary, with other numerous benefits and promising promotional opportunities. This makes merchant navy a lucrative and exciting career.

You are requested to give us two dates probably in second week of August 2015 for the seminar followed by registration process,

Dear All,

Greetings from T&P

With an aim to apprise the students regarding the opportunities available through clearing the GATE examination as well as the importance of Engineering Service Examination (ESE), the Training & Placement department organised an interactive session today i.e. on 13/08/18 at seminar hall of Electrical Engineering department. The Electrical Engineering students of 5th & 7th semester actively participated in this session. Mr Gulshan along with his technical team interacted with the students and explained them the several opportunities in Public Sector Enterprises, research organisations and admissions in various IITs, IISc and NITs with a valid GATE scorecard. Students were also educated about the Engineering Services Examination (ESE) conducted every year by UPSC for staffing to the various Central Government departments.

Respected sir,
Greetings of the day!

As per conversation with Mr. Indrjeet Grewal (The Gate Coach head of Kudhiana Centre), I am forwarding a proposal for his Demo class for third year and Final year students of Engineering on 1st November 2019.

We would like to add that we are already providing training for Gate 2020 under TEQIP in Gurunanak Dev Engineering College.

Let me first introduce our Organisation,

THE GATE COACH is the best coaching institute in India for GATE, IES & PSUs since 1997. We are the pioneer institute in coaching for Chemical, Electrical, Electronics and communication, Civil, Mechanical, Instrumentation streams. Our packages include

1. Classroom coaching (Regular & Weekend mode)
2. Online live classes
3. Classroom recorded lectures
4. Printed study material
5. Online & Offline Test series.

Further THE GATE COACH got First Rank among all gate coaching institutes under MHRD initiative of providing gate coaching to the students of over 180 Govt Engineering colleges all over India. Government is providing fund for this program through World Bank under TEQIP III (Technical Education Quality Improvement Program). THE GATE COACH faculty is now teaching at various NITs and Govt. Engg Colleges.

We are providing coaching in Mechanical, Electrical, Electronics, Computer Sc, Civil, Instrumentation, Mining, Biotechnology, Production Engineering & Chemical Engineering. We are having faculty association with Faculty from IIT, IISc, IITs, IISc, IES qualified background. Our packages include Gate, PSU & IES coaching in regular, weekend & postal mode. We also provide online tutorials, online test series & printed study materials for Gate, PSU & IES.

We are proud to announce that,

1. We have 88% selection ratio in last year, which is best in the industry.
2. We follow a unique method of teaching, with personal attention and threadbare analysis, which is supported by our study material and test series (offline as well as online).
3. The gate coach has association with best faculty (from Institute's like IIT, DCE & IISc Bangalore), those are having vast experience in field of competitive exams. They provide clear insight of the exam.
4. We start teaching every class with fundamental level, which gives good idea about basic concepts. Then on we start building a firm structure of the whole syllabus.
5. We deliver short cut technique and tips in the class to improve time management in objective type of exam. This method provides confidence among the student to score high in the exam as well as they also perform very well in the interviews.
6. Our faculty themselves appear in the exam every year to understand changing nature of the exam and because of this they are able to analyse and guide the aspirants in best way.
7. Our study material is designed to provide student not only concepts but previous year question paper, their solutions, it also includes practice paper of Three level which gives the students Gradual up gradation.
8. We also cover the whole syllabus within the stipulated time, so that students will get sufficient time to revise the syllabus. These timely coverage of syllabus also followed by doubt clearing session and test series.
9. Test series is designed to provide real time experience of the exam, It is simulated in such a manner that real exam looks very easy to the student.
10. Test series is followed by their solution and analysis, so that students will come to know the area of improvement and they can come out with flying colours.

Our Features:

- 20 years' experience and expertise
- Team of professionals and counselors

- * Associated with Faculty from HU and DCE
- * We have support of management, which include -

- * Sh. Dr. S. Atolia
- * Dr. Rakesh Singh
- * Dr. Pernita
- * Mr. Ravi Jain

Dear Sir

Greetings from Angle-Eastland

Angle-Eastland Ship Management is a part of the globally established Angle-Eastland Group whose Head office is at Hong Kong. We take pride in managing one of the largest fleet of vessels in the west Pacific, there are 60 ships under our full management.

The reason for writing this to you is to inform about the Angle-Eastland project that currently works for Anglebaas (boys & girls) aiming to make a responsible, educated and fully equipped crew in Merchant Navy. We have been awarded the "Best Foreign Employer of Indian Seafarers" by Indian Institute of Shipping, Mumbai for the past 11 years.

For more details please visit www.angle-eastland.com

Below we present details on merchant navy recruitment across India for Class 10 boys & girls with vision (PCM) background. Being a part of this industry for more than four decades, I can easily say that the demand of a crew is respectively, for a class of education is high and well prepared youth and of course, who is equipped financially.

Class 10 and XI are also welcome to apply for the **free class 10 orientation session**.

Starting this Friday, 19th October just for 10-10 minute duration a power point presentation to our students and provide insights into the **Merchant Navy**.

Anglebaas conduct a Q&A session leading to Ques (10min) and gives detailed information on how they have managed ships leading seafarers as part of a free orientation class on Merchant Navy. Addressing a wide range of interactive video highlighting attractions & opportunities in seafaring.

<https://www.youtube.com/watch?v=Opqz4Pw>

I trust that you will tell these students beneficially your students and we hope to interact and answer any and more detailed questions like the Merchant Navy.

Please refer with Mr. Jaspal Singh Dhillon (dhillon.j@bbsb.org.in) the date for presentation and the reference.

Attached herewith is a power point depicting the eligibility criteria and the entire extent info. After attached is the attached a poster.

Dear All,

Greetings from BBSBEC- ISHRAE Student Chapter

The BBSBEC- ISHRAE- Student Chapter is organizing an expert Talk on "Basics of Air Conditioning and Refrigeration" today in R9 from 0900 to 1600 hrs.

All my faculty members must take an advantage of this landed knowledge from an expert. His deliverance of the concepts on the basics of "Refrigeration and Air conditioning" is worth mentioning. Such talks are primarily to enlighten ourselves and further facilitating new ideas and concepts in our deliverance tools..

Please take advantage of the opportunity.

Best Wishes
