Expert Talk on “Problem Solving and Idea Generation”

Seminar conducted on 18 August 2023

The Electronics & Communication Engineering Department of Baba Banda Singh Bahadur Engineering College, Fatehgarh Sahib jointly with T&P cell, BBSBEC Innovation Council and Internal Quality Assurance Cell conducted an expert talk on “Problem Solving and Idea Generation”. The talk was held on August 18, 2023, by Dr. Avtar Singh, Chief Researcher, Adama Science and Technology University, Ethiopia. The program was conducted to encourage and motivate the faculty and students for learning new skills.

The speaker discussed the concept of Idea generation and analyzing as well as development stages of ideas to be converted into practical designs. The expert talk proceeded with highlighting the relationship between problem solving and idea generation along with innovation and successful entrepreneurship. The students might be able to develop problem solving skills, entrepreneurial skills, out of the box thinking along with importance of innovation and Idea generation. By becoming more disciplined and coming out of their comfort zones students will learn to share and propagate their ideas with their intelligence and capabilities.
